- A Renewal Notice (Opt-in Agreement) which allows you to 'opt-in' to our ongoing services. This forms is sent to you to ensure that you want to continue with or ongoing advice services.

How do you pay for our services?

I charge an initial appointment fee of \$330 (Inc. GST). During this appointment, we will discuss your financial situation in depth, identify your needs, goals and objectives and outline any work that needs to be undertaken. This meeting can extend to the provision of general and factual advice however it will not cover personal advice. Our fees will be quoted to you in our first meeting with you, and before you engage our services. Our fees are based on a number of factors including:

- The complexity of the advice required;
- The scope of work required;
- The number of meetings required through the year; and
- The value our advice will create for you.

Project Fee (One off advice and Implementation)

I will provide advice to get you financially organized and a strategy in place, over the first few months of working together. The Project fee includes second and other meetings with you, the time we take to determine our advice, the preparation of the SOA and the implementation of the advice. The project fee is based on the scope and the complexity of advice provided to you. We will agree on the fee with you before commencing this work.

My Project service starts at \$4,400 with a maximum of \$8,800.

Journey Fee (Ongoing advice fee)

My journey service is ongoing advice to help you adapt your strategy, manage your financial life and guide the choices you make. Journey fees are typically in agreed fixed amount which is paid monthly. Fees may be paid by invoice or where authorized by you, deducted from your superannuation or investment account. The exact services and fees will be set out in the Client Agreement that I provide to you.

I do not charge asset based fees.

My Journey service starts at \$313 per month.

Review (or subsequent) appointments

Review (or subsequent) appointments are available to clients who do not participate in the Journey offering. These meetings will allow you to meet with me and discuss the performance of your investments, receive updates on legislation changes and inform me of any changes to your financial situation, goals and needs.

A review meeting attracts a fee of \$550 (inc GST). If after discussing your financial situation it becomes apparent you require personal advice, I will quote another SOA fee.

Insurance products

Where we arrange a life insurance product, the insurer pays us an upfront commission and an ongoing commission when the product is renewed each year. The rate of upfront commission payable ranges from 0% up to 66% of the base premium. The rate of ongoing commission payable ranges from 0%-31%. Importantly, the choice of commission payment arrangements does not affect the amount of premium payable. For example, if you purchase a life insurance policy with an annual premium of \$1,500 Canberra Advice FP may receive an initial payment of up to \$990, calculated as $\$1,500 \times 66\% = \990 ; and ongoing commission of \$465 calculated as $\$1,500.00 \times 31\% = \465 .

If you prefer a fee for service arrangement, we may negotiate for the upfront and ongoing insurance commissions to be dialled down to zero resulting in lower insurance premiums for you.

Ad hoc advice fees

The hourly rate for ad hoc advice will depend on the complexity of the work involved and will be between \$440 - \$550 per hour.

As an estimate of the time required will be provided and agreed upon prior to commencing the work. You will be invoiced for these fees after the service is provided and payment is required within 30 days from the invoice date.
